United Bikers of Maine officers extend outward to all 16 counties in Maine, with committees to organize events, and follow news and legislative hearings which involve bikers’ rights and laws. Under the motto “Let Those Who Ride Decide,” UBM believes that as a motorcycle rider, your voice should be represented at the state and federal level. UBM is committed to keeping an eye on our legislators to protect the freedom motorcyclists value.

In addition to legal issues, UBM is dedicated to local and state service in the community. Each year, UBM puts on rallies and fundraisers to assist countless state and national charities. Our annual Toy Run is the largest one-day charitable event in the state, giving less-fortunate families in Maine hope for a Merry Christmas for over a quarter of a century!

United Bikers of Maine does not judge people by what brand of motorcycle they ride, or even if they don’t ride at all. UBM membership is open to anyone who is interested in defending the rights of bikers, promoting motorcycle safety and education, volunteering to aid local charities, or just attending social motorcycling events. Keep in mind that the more membership numbers UBM has, the stronger the organization will be! UBM is one of the most inexpensive organizations you can join, and isn’t it worth protecting your rights to join?

More information on our organization and events can be found at our website at www.ubm-usa.org, and although membership is encouraged, it is not a requirement to attend UBM events and meetings. A warm welcome is extended to one and all. Ride safe!
